

ABC Ltd – Ironclad Fraud & Control Planner

Built from your SOPs (AP/Treasury • Procurement • Production • Inventory • Sales/Logistics • HR/Payroll)

Focus = early detection • segregation • surprise • escalation • forensic rhythm

Daily Must-Do Controls (≈50–80 min)

06:30–07:15 – Milk intake live checkpoint

- Watch first 1–2 tankers live (CCTV)
- Seal + GPS + temp log match?
- 1 random quick adulteration test (lactometer/urea)

08:00–08:20 – Treasury quick scan

- Yesterday large / unusual payments
- Bank change requests flagged
- M-Pesa exceptions today

08:30–09:00 – AP inbox + duplicate scan

- > KES 100k invoices → CFO WhatsApp
- Same-day duplicate number/amount/vendor

09:15–09:45 – Route sales overnight reconciliation

- 5–10 highest variance salesmen yesterday
- GPS deviation alerts > 15 min

10:30–11:00 – Production yield & variance alert

- BOM variance >2% yesterday → explanation + video

14:00–14:20 – Petty cash surprise count (rotate site)

16:30–17:00 – End-of-day red flags sweep

- Duplicates • shared accounts • dormant vendor reactivated
- Decide 1–2 items for full CFO escalation

Weekly Rhythm

Monday – Payroll ghosts + procurement price benchmark

Tuesday – Random 10% payment audit (prev week)

Wednesday – Night-shift CCTV sample + route GPS anomalies

Thursday – Vendor master hygiene + month-end prep start

Friday – Weekly variance meeting (cash/stock) + next surprise plan

Saturday – One deep forensic topic (rotate)

Monthly Deep Controls – Suggested spread

- **1st–3rd** Month-end close (bank rec, AP aging, returns pattern)
- **4th–7th** Payroll 20% forensic + ghost sweep
- **8th–12th** Physical count (high-value + satellite chilling stations)
- **13th–18th** Vendor/transporter audit batch (10% + all high-risk)

- **19th–23rd** Trend deep-dive (vendor concentration, yield 3-mo, route ranking)
- **24th–28th** Fraud training + whistleblower triage + SOP gap update
- **Last 2 days** CFO final sign-off + board fraud report prep

Zero tolerance. Ruthless execution.

Leakage prevented today = profit tomorrow
